

Ball Corporation

10 Longs Peak Drive, Broomfield, CO 80021-2510 (303) 469-5511 Fax (303) 460-2315 Telex 204875 (BALLCEC)

Subject: Letter of Recommendation

This is to recommend to you Marc Dewey and his construction company, CCI.

My experience with Marc is from our relationship at Ball Corporation, where I am employed, and have the responsibility for facility engineering and construction. I have known Marc for about 15 years through his past employment with Fagre Construction, Sun Construction, and now his own company.

During this time, Marc has managed a wide range of construction and facility modification projects for Ball. His work has been consistently satisfactory on all projects. I have found Marc to be an experienced professional who understands his customer's requirements for cost, schedule, cooperation, communication and construction quality.

I have had experience with many construction companies, and I do not hesitate to rank CCI as an excellent organization.

If you need further information concerning CCI, please contact me at 303-460-2652.

Sincerely,

A handwritten signature in cursive script that reads "Jerry D. Hodges".

Jerry D. Hodges
Manager, Facilities Engineering
